RE: Case No. 94-448

Dear Sir:

I am responding to a public notice letter I received concerning a cellular radio service tower on property adjoining mine. While I have no overall objections to the installation of the tower, I do have concerns as to certain functions of the facility. Since my residence is located approximately 1/5 mile from the site, I would appreciate a response to my concerns by your office. My question is, will there be any interference for me in standard television, radio and telephone signals?

Thank you for your assistance.

Please note the correct address below.

Sincerely.

Harold Hightower
